

Worker begins breaking out the concrete for the new "Tel-Air" Motor Banking facility to be installed at the State Bank of Antioch. The new system will provide four lanes of motor banking in a fully covered, all weather drive through.

State Bank Of Antioch Begins Installation of 'Tel-Air' System

The State Bank of Antioch has started construction of a new "Tel-Air" visual control pneumatic motor banking system—the first in Lake County.

William E. Brook, president of the bank, said it would be the fastest and most convenient system offered to the public.

"We want to express our appreciation now for cooperation and patience of our customers during the remodeling period," Brook said.

"We can assure you that the inconvenience will be of short duration."

Brook pointed out that the new facilities, upon completion, will provide customers with the fastest and most convenient banking drive-up service ever offered to the public.

During the remodeling period the bank will provide a walk-up window to facilitate banking needs and also provide parking attendants throughout the hours the bank is in service.

The new system will provide four lanes of motor banking in a fully covered all-weather drive through. It utilizes a pneumatic tube system connecting the convenient easy-to-use unit on the drive-way to the tellers inside the bank.

The tellers are seated in an elevated control station, which enables them to have a complete view of all drive-up stations. Each unit is low enough so that the driver has a perfect view of the control station and the tellers inside.

A two-way transistorized sound system connects the teller and customer for ready communication.

Transactions through the use of the system are handled more readily with the carrier dispatch station than in a conventional seated teller operation.

The customer merely places his deposit or transaction into a cylindrical carrier and drops the carrier into a slot.

The cylinder is speeded to the teller at a rate of 25 feet per second. The transaction completed, the teller puts the receipt into the carrier and it is returned to the customer.

Mayor Raymond Toft had told the board members that approval should not be given until the bill for the water line had been paid.

Osmond pointed out that his organization had never been billed for the line and didn't owe the money.

Osmond said that although the

line might have been run to the

Hillside Cemetery will be able to plan its expansion program if it was decided Tuesday night by the Village Board which gave approval to a special use permit for property adjoining the present cemetery grounds.

The property special use, approved by the Antioch Zoning Board of Appeals, is presently owned by Osmond Enterprises, Inc.

The special use permit was held up two weeks ago by the board because it thought that Osmond owed the village for a water line running to the property.

Bernard Osmond told The Antioch News that this was not the case.

Mayor Raymond Toft had told the board members that approval should not be given until the bill for the water line had been paid.

Osmond pointed out that his organization had never been billed for the line and didn't owe the money.

Osmond said that although the

line might have been run to the

property he never did tap in and therefore there should be no hold-up of the transfer of the acre of land to the Hillside Cemetery Association.

The village board, with Osmond sitting in the audience, passed the recommendation without dissent and the matter of the bill for a water tap never came up.

According to cemetery president Joseph Horton all of the present burial space in the cemetery on Hillside Avenue is either now used or has been sold.

He said that at the present time the only way a person could purchase a cemetery lot is to buy it from someone who had previously bought a lot.

Another zoning matter, however, also held over from two weeks ago, squeaked by the village board by a 4 to 2 vote.

That matter was the request of Calvin Harden to rezone property on Hillside Avenue for a five-unit apartment building.

The matter was held over so

that the board could determine

whether there is enough footage to take care of the apartment building on the lot.

It was pointed out at Tuesday's meeting that the present home on the site would be torn down and that the Hards would occupy one of the apartments in the proposed building.

Trustee Vern L. Barnstable made the motion to accept the recommendation for approval of the Antioch Zoning Board of Appeals and was supported by Trustees Robert C. Wilton, J. Irving Walsh and Richard H. Radke.

Voting against the approval was Arthur R. Meierdrick and Richard O. Bumette.

In other action the village board repealed the section of an ordinance that requires that public utilities put present lines underground at the rate of 5 per cent per year.

Village Attorney Edward C. Jacobs pointed out to board members that it is impossible for the public utilities to comply with the ordinance.

He said that compliance would

be made, however, with the provision in the ordinance relating to new subdivisions being developed in Antioch.

He said that the utilities have agreed that any future changes will be made with an eye toward putting lines underground but that the expense of putting existing lines in the village underground would be tremendous.

Jacobs pointed out that many of the homeowners have perfectly good wiring at the present time and would only be put to a great expense.

On Lake Street alone, where the widening project is underway, there are four old homes that would have to change the wiring even though the present wiring is safe.

A goodly amount of the present wiring, Jacobs said, is not conducive to being put underground.

In other action the village board approved a Tag Day for July 13 for the Missionary Children's Home.

Barnstable also reported that the work on the water tower was completed and the tower back in operation.

of the streets had been treated in the last five years.

He was authorized to get a price for the streets in question and submit the figures to the village board. Simonsen estimated that the cost would run upwards of \$6,000.

Simonsen said that Bartlett, Sequoia and Anita Streets should also be seal-coated and that those were also on the agenda.

The village board agreed to advertise for bids on weed cutting.

It was decided that the cutting would only be done once this year.

Trustee Meierdrick suggested that subdivision developers be held responsible for cutting the weeds in lots yet unsold and said an ordinance should be drawn.

The matter went no further, however, as no second was made.

In other action the village board approved a Tag Day for July 13 for the Missionary Children's Home.

Barnstable also reported that the work on the water tower was completed and the tower back in operation.

Summer School Begins Today

Summer School at Antioch High School starts today but registrations will be accepted through Monday, June 24, which is the last day that a student can enter a class.

Fees for each semester credit in the program will be \$22 plus a 50-cent rental fee for the use of school text books.

Summer school will continue through Friday, August 2.

The bus schedule for Summer School follows:

The Summer School at Antioch Grade School under Title I, State of Illinois also begins today (Thursday). Students will be offered transportation by the high school busses.

School hours are 8 a.m. to 12 noon daily. The students have been selected to attend this school by their teachers following testing. The school will offer a course in Remedial Reading and emphasis is being placed on four basic areas of speaking, learning, reading and writing.

Mrs. Wanda Barthel is in charge of the program and 92 students and 10 teachers will participate.

Plans have been made for approximately six field trips. Summer school will continue until August 2.

(Continued on page three)

Library Board Has State OK

The Antioch Township Library Board has received notice that its application for a federal grant for building purposes has been approved by the Illinois State Library Advisory Council.

Mrs. Edmund Vos, president of the board, said the Council advised the Antioch board that its approval would be for 25 per cent of the cost of the project.

The recommendation now goes to the federal government for action.

Mrs. Vos said that the present board does not know just what figure will be received from the federal authorities but it would be in excess of the \$50,000 asked for at a previous date.

The pool may be rented for evening parties from 8 p.m. to 11 p.m. by calling the Aqua Center phone number, 395-9859.

Proceeds of the dance will go toward purchasing new equipment.

The action received this week was on the 20-year projection plan.

The former plan called for 11,000 square feet and architect Robert Freund redrew it to include an additional 2,000 square feet which brought it well within the federal requirements.

The Lake County Regional Planning Commission has estimated that the population served by the facility in 1990 as 19,000.

Mrs. Vos said it would probably be several weeks before word is received from the federal agency handling the matter. When final action is taken, she said, plans could be finalized for the library with the hope of getting construction under way this year.

Kenneth J. Anderson, James R.

Construction work in Antioch was on the upswing this week and the inconvenience caused will be well rewarded.

Oakwood Knolls Property Group Fix Boxes For Boys In Vietnam

The Oakwood Knolls Property Owners Association has added another patriotic gesture to its long list of accomplishments.

Last week, the group met at the home of its Military Committee Co-chairman, Adeline Neyrinck and prepared packages for the monthly mailing to Antioch servicemen serving in Vietnam.

The packages contained the following items: Pound cans of candies, roll candies; shoe string pretzels, pre-sweetened drink mixes, flashlight, pocket combs with combination file, ivory soap bars, ball-point pens, toothbrushes, writing paper and other items.

Assisting Mrs. Neyrinck in the project were Sam and Fran Lombardo, Chris and Frieda Schultz, Virginia Haas, Barbara Johnston and Joan Neyrinck.

Postmaster Joseph Wolf and post office employee Harry Brehen were also present.

Postmaster Wolf commented:

"It should please our boys in Vietnam to know that such a fine and patriotic group of people like the Oakwood Knolls Property Owners, participate in this month's effort to show that Antioch is proud of its servicemen and women."

The Oakwood Knolls group participated in the very successful cookie drive for Project Vietnam last month.

On Memorial Day, the American Legion presented the Association with a flag and plaque honoring Antioch servicemen and women.

Following is a list of Antioch area men in Vietnam according to the post office list.

If you know of anyone in Vietnam from this area and not on the list, please let the boys at the post office know so they can put his name down for the July mailing.

Kenneth J. Anderson, James R.

Lux, Frank Marotta, Philip Morris, Ralph C. Nebel, James J. O'Neill, Robert O'Neill, John B. Peterson.

Richard T. Power, Bruce A. Price, James E. Prosise, Robert J. Rappaport, Patrick Ring, Edward Rosquist, James H. Smith, Robert J. Stanley.

David L. Talbott, Robert P. Wagner, Walter Windorff, Chester York, Robert Zubor.

Rescue Squad Calls

On Sunday, June 16, the Antioch Rescue Squad took Dr. C. P. Tossey to Victory Memorial Hospital.

The unit will be located at the V & S Hardware on both days from 1 to 4 p.m. and 5 to 8:30 p.m.

Anyone who is 18 years old or older can get a chest x-ray taken free of charge.

We applaud the action of the Antioch Village Board in promptly awarding the contract for a signal light at the corner of Main and Lake Street.

The light, in our opinion, has long been needed.

Not only will it cut down the speed of vehicles using Main Street to pass through our community on the way to Wisconsin, but it will also provide those using Lake Street with the opportunity to get into the main flow of traffic without taking their lives into their own hands.

It will also provide protection for the pedestrian who is attempting to cross the busy intersection.

Serious accidents have occurred at that corner in the past, resulting in injury.

We are sure that the installation of the signal light will alleviate the problem for both automobile driver and pedestrian alike.

We would urge the village fathers to oversee the installation so that there is no delay in it being put into use.

The busy summer season is upon us and our children are out of school, making the decision for a signal light a most enlightened one.

Teen Center

Now that school is out and our children are having more free time on their hands, the favorite battle cry of the youngsters "There's nothing to do" is ringing throughout the community.

One organization that is trying to cut down on that cry is the Lake Region Jaycees.

That organization of young businessmen, who make it their responsibility to perform services for community action, is attempting to sponsor a teen-age center.

Their main problem at the present time is a location for the center.

Up to this time—as we understand it—they have checked out several places and, as yet, have not found a suitable location.

We are sure that someone in the area can help these young men finish up the job.

If you are one of those who happen to have a vacant building or a location going unused, we urge you to contact that organization.

The community will thank you.

And so will our youngsters.

Fox Lake Makes Plans For New Village Hall

According to Mayor Joseph Armando, Fox Lake will construct a modern two story municipal building in Deerhaven and will also develop acreage surrounding the new structure for recreation at little cost to the taxpayer.

The proposed building will house the village administration offices, the village court, the police department and will be located on three acres of a 19 acre site, located

within the area bounded by Rtes. 59 and 132, and Washington and Lincoln Streets.

The recreation area, which would be built up over a period of time would have three swimming pool, baseball field, two tennis courts, a football field and a general play area. The pools would be Olympic size, teen size and a wading pool. The village has already started on the baseball fields and plans are to finish the tennis courts by the end of this month.

Armando said that charter memberships would be sold to area residents at probably \$100 for life membership and \$50 a year dues. The funds would be used for maintenance and cleaning of the pools.

The proposed new building will contain approximately 10,000 square feet of space with approximately 2,000 square feet included in the construction for possible future expansion. Cost of the new building is estimated in the neighborhood of \$100,000.

Driver's License Suspended

Harland F. Biehl of Rt. 1, Lake Villa, had his driver's license suspended recently for three violations.

The Driver's License Division in Springfield issued a probationary permit to Jack L. Ester of Antioch.

**Your Congressman Reports....**

By Cong. Robert McClory

The assassination of Senator Robert F. Kennedy has brought almost fanatical demands for strict federal gun legislation. Many of those insisting upon Congressional action fail to realize that in the recent passage of the Omnibus Crime Bill (H.R. 5037) Congress outlawed mail-order sales of hand guns (pistols and revolvers) as well as all other interstate sales of such weapons. In addition, the new federal law prohibits sales or shipment of firearms in contravention of state laws and local ordinances.

This legislation represents most of what the Administration had requested. Indeed, the principal change now urged by President Johnson is to include so-called "long guns" (shotguns and rifles) within the mail-order and interstate provisions.

Many states, including Illinois, have laws which require the registration of all firearms and there is a strong possibility that the Congress will be persuaded to pass a federal law compelling the estimated 100 million privately owned firearms to be registered and the owners identified.

Frightening statistics have been brought to the attention of the Congress, showing that since 1900 more than 280,000 murders, 370,000 suicides, and 145,000 accidental deaths have resulted from civilian use of guns. This death toll of almost 800,000 far exceeds that total of 550,000 deaths which have resulted from all of the wars in which our nation has been involved following the Spanish-American war and including the war in Vietnam.

All of the major European countries have strict gun control legislation. The statistics disclose that they suffer only a fraction of the deaths inflicted by firearms in the United States. In Great Britain where a gun owner must secure a permit, the death rate from gunfire is only a small percentage of the American rate. It should be added that most of the pistols in Great Britain are owned by gun clubs— even most of the police carry on their duties unarmed. In France, citizens are not permitted to own a gun unless they possess a gun permit. Only policemen and bank guards are entitled to possess a pistol. Rifles and shotguns are permissible to hunters with a permit. Norway, Sweden, Italy and Belgium have similar requirements.

The argument is advanced that criminals will be able to secure firearms notwithstanding federal legislation. Indeed, it is pointed out that the pistol employed by the suspected assassin of Senator Kennedy was acquired and used in California where rigid state firearms registration laws are in effect. Notwithstanding this circumstance, the evidence seems clear that tighter federal gun laws would serve to reduce the incidence of crimes as well as the frequency of homicides and accidental deaths resulting from gunfire.

Opposition to registration of firearms is frequently voiced by those who fear a communist takeover. These persons insist that the registration list would make it easy for a communist dictator to collect and confiscate all of the privately owned guns.

However, these antagonists should take careful note of a recent report that vast arsenals of

ACHS Teachers Will Have Busy Summer

Most Antioch Community High School teachers will be busy throughout the summer attending school, working, traveling and just plain vacationing.

Here's a list of what they'll be doing:

Roger Andrews: Teach summer School; build a home.

Gary Allen: Teach Summer School; attend two week session, Carthage College.

Crisly Arendt: Travel to Europe; loaf.

Diane Busch: Attend Rosary College.

Dora Beattie: Summer School; Ralph Brooke: Visit relatives.

Harrison Brown: Babysit with grandchildren.

Donna Baird: Fishing for two weeks; Camp Counselor one week; rest with family.

Emory Chandler: Attend WIU.

Jane Cramer: Summer School at Northern Illinois U.

James Corrigan: Manage Aqua Center.

Ted DeRousse: Summer School; Army Summer Camp.

Michael Docherty: Work in electronics.

Donald Drake: Summer School at Eastern Ill. U.; Attend ACHS Band Camp.

Allan Eltzbach, Vacation; Summer School.

Richard Ellison: Research organic Chemist.

Elmo Edwards: Trip to California.

Bernard Fosmark: Teach Summer School.

Stuart Good: Attend NDEA Industrial Art Institute.

Norman Hahn: Vacation; Prepare Am. History Honor Curriculum.

Andrew Hauptman: Work; Kay Keenan: Work; Trip; Band Camp Counselor.

Gilbert Krahn: Work.

Charlotte Kelly: Vacation.

Chuck Lindholm: Trip to Canada; Work at N.I.U.

Eugene Lischewski: Work at Sargeant Co.

Ward Lear: Workshop, U. of Ill. Teach Summer School; Camping trip.

Arlene Molinaro: Attend Summer School.

Lee Mieure: Summer School Counselor; Construction Work.

Adrian Mueller: Teach Summer School; Attend Summer School.

Lucien McLean: Trip to Canada; Teach Summer School; Trip to Texas.

Carol Maplethorpe: Trip to Colorado; Camping in Wisconsin.

Roy Nelson: Teach Summer School.

Richard Olsen: Insurance Adjuster.

Nicholas Ross: Summer School; Possible trip to Europe.

Robert Rinkus: Summer School; Part time work.

Melvin Stillson: Work at ACHS.

Chamber Gets New Secretary

William Seemann: Camping trip; Work.

Mary Seemann: Camping Trip; Teach Summer School.

Ken Smouse: Travel; Attend Inst. of Fine Arts for Gifted Students.

Betty Scott: Travel to Mexico; Attend Convention.

Morris Tharp: Attend Summer School; Work.

Jeanette Tulumello: Rest.

Ivan Teague: Travel.

Fern Tate: Travel; Attend Workshop of Ill. Classical Conference in June.

Elaine Weidner: Teach Summer School; Attend Summer School.

Ken Wierschem: Teach Summer School.

Jane Zehnder: Summer Librarian; Travel.

Judy Hevrdejs Gets Certificate

An unusual graduation, another first for the Lake County Cooperative Extension program, was conducted June 3rd at the Lake County Farm Bureau auditorium.

A dinner-meeting audience applauded the presentation of graduation certificates to ten 4-H members who completed the Toastmaster International Youth Training Program.

Tony Titus and Roger Shanks, members of the Happy Hayceds 4-H Club; William Regner, Volo Agricultural Club; Kathie Heitkötter, Wauconda Agricultural Club; Diane Danita, and Ron Danta of the Barrington Flynn Valley Club; Andrea Hertel, Grayslake Agricultural Club; Barbara Werke, Volo Busy Bees; Mary Kay Nachowicz, Mundelein Elves Club, and Judy Hevrdejs, of the Sequoit Suzies Club, complete the list of graduates.

Five speakers representing the group, Kathie Heitkötter, Mary Kay Nachowicz, Judy Hevrdejs of Antioch, Roger Shanks and Tony Titus, delivered winning speeches during the graduation program.

The graduation dinner was attended by 50 persons. Among those attending were members of the Libertyville Toastmasters, Mainside Toastmasters, Lake County Extension staff, parents, and graduates.

The influence of this training has been evidenced by the performance of these youths in other 4-H leadership activities.

Rx Stands For Prescriptions

There are many theories regarding the origin of the symbol, "Rx". . . and claims that it is an abbreviation of the Latin word "recipere".

Whatever its origin, the "Rx" today symbolizes the prescriptions that help us attain better health, longer life.

THURSDAY, JUNE 20, 1968 THE ANTIQUA NEWS 4

By Lillian Birdsell

Members of the Antioch Moose Hunting Club held a special meeting on Tuesday evening, June 4, at the Moose Home for the purpose of voting on acreage land in Wisconsin for the Central Shooting area. The 250 acres of land, which is just 3 miles from Antioch on the Wisconsin border line, was approved by unanimous vote by the members. The pheasants have already been purchased for the coming hunting season and vice-president Harold Klempner informed the members that there would be no problem in purchasing more birds this season, if the need arises.

The membership quota for the Hunting Club will be limited this year and any member of the Antioch Moose who wishes to belong may contact Ted Wilkinson or Harold Klempner. The meetings are held on the fourth Thursday of every month and it will be a necessity for each member joining to attend the meetings or jeopardize their hunting club privileges.

A gathering of 33 members attended the Legion Dinner outing, which was held at the Bristol Oaks Country Club on Saturday evening, June 8th. Gert Good, who had charge of all arrangements, was complimented by the members for a job well done. Community singing which followed the dinner was enjoyed by all.

A Legion pancake supper is being planned for Saturday evening, July 20th.

There were fifteen new members enrolled into the Wimber Legion of Moose on Sunday afternoon, June 9. Every one of the new members were sponsored by a Legionnaire of the Antioch Moose. For the past two years Antioch Legionnaires have taken top honors for new members and this year will make it number three. There isn't a possibility of any other Lodge competing at this late date because Antioch has taken the lead by too big a margin. Scotty Birdsell, governor of the Antioch Moose, has sponsored 32 members to his credit alone, and has already received two of the golden musical balls from Mooseheart and will receive two more following last Sunday's enrollment. He was also presented with a traveling alarm clock from North Moose Gene Hanner on this day, as another award for his efforts.

New members enrolled on that day are the following: William Kerekes, Larry Buckingham, William Allen, Carl Boehm, Bruce Van Diepen, Dale Hoffman and re-enrollment Art LaFlamme, all sponsored by Scotty Birdsell; Alva Justus, John Hartman, Dan Messersmith, Joseph Martin and Joe Nolan, all by Seth Mark; Ray Edwards by Frank Toman, Ralph Gussarson by Ed Kurtz, and John Reach by Jerry Kusch. Homer Beach, pilgrim of Mooseheart and guest speaker for the day, welcomed the new members into the 2nd degree of the Moose.

An election of officers was held following the enrollment ceremony. Homer Beach installed the new officers into their respective chairs, as follows: Custodian, John Mellert of Waukegan Moose; Argus, Jerry Stoen of Antioch; Treasurer, Jerry Roberts of Kenosha; West Moose, Les Sperling of Antioch; East Moose, Scotty Birdsell of Antioch; South Moose, Joe Cassatt of Highland Park and Gene Hanner re-elected for a second term of North Moose, also from Antioch. A roast beef dinner was served to all attending members following the ceremony, which was prepared by Dick and Millie Stronger.

Norman Edwards, leader for the Boy Scout Troop No. 92, along with nine of his boys and two fathers, worked all day Saturday at Scotty Birdsell's place of business preparing their traveling bus for a new paint job. Mr. Birdsell donated his time, material and efforts to the Boy Scouts for the new look of the bus. A white top and a blue bottom.

Moose convention is being held at the Conrad Hilton Hotel this week, June 17-20.

Robert Hadley, of the Antioch Moose, was elected as president of the Moose Traveling Bowling League, at the bowling banquet which was held at the Harvard Moose Home, Saturday evening, June 14, with 100 members present. Otto Amman of the Zion-Benton Moose was re-elected sec-

By Sally Whitney

At the June 6 meeting of the W.O.T.M. two new members were enrolled. Chairman Barbara O'Higgins sponsored Mary Blue and Collegian Gerry Mark sponsored Peggy Leah Martin. Co-workers Fran Boxley and Lois Hansen received their chapter pins after attending three consecutive meetings.

Millie Stronger assisted her husband, Dick, in preparing the June 9 Legion ceremonial dinner. Others who helped were Gerry Mark, Shirley Gehrls, Rose Roth, Rose-Marie Hadley, Mary Cichon and Jerry Polson.

The executive board met on June 11 at Lillian Birdsell's home. They entertained the new officers-elect.

Installation practice was held last Thursday night. The installation of the new officers will be held Saturday, June 22 at 8 p.m.

On June 15 a bus load of co-workers accompanied Evelyn Miller to Mooseheart where she received her cap and gown in the House of God.

Tonight (Thursday) there will be another enrollment. No formal are required.

A correction to the last week's article: Lillian Birdsell sponsored 10 new members rather than 100 as stated.

CO-OP NEWS

CO-OP NEEDLCRAFT CLUB

The CO-OP Needlcraft Club will hold its regular monthly meeting in Pioneer Hall, 2424 Washington St., Waukegan, on Monday, June 24, at 7:00 p.m.

Members will enjoy a "Show and Tell" evening. Each one is invited to bring some handmade article for the others to see.

Mrs. Ralph Ress, president, invites the public to attend and participate. Refreshments will be served.

CO-OP TRAVEL CLUB

The CO-OP Travel Club will hold its regular monthly meeting in Pioneer Hall on Tuesday, June 25, at 7:30 p.m.

The program for the evening will be presented by the 31 members of the club who traveled to Hawaii in April. They will be dressed in their colorful muumuus and Hawaiian shirts, will teach the audience to sing native songs and will show colored movies and slides of the five islands.

The bridesmaids wore gowns of two-tone green linen. Stephen Gavin of Chicago was

Phyllis Kopriva Marries Chicagoan

Antioch Methodist Church was the scene of the wedding of Miss Phyllis Kopriva to Gene Matz on Saturday, June 15, with the Rev. Donald Cobb officiating.

The bride was given in marriage by her father, Dr. James W. Kopriva.

She wore an ivory organza, empire design gown with venice lace applique on the bodice, hemline and sleeves, and with a cathedral wauette train trimmed in applique of lace. Her headpiece featured ivory silk roses with pearl centers and a three tier illusion veil. Her bouquet was a cascade arrangement of ivory roses.

The bride's mother wore a beautiful platinum grey peau de soie ensemble and the groom's mother wore a lovely green ensemble.

A reception followed the wedding at the Illinois Beach Lodge at Zion, Illinois.

After the reception, the bridal couple left for a honeymoon in Jamaica and will reside in Oak Park.

The bride is the daughter of Dr. and Mrs. James W. Kopriva of Antioch and attended the University of Illinois.

The groom is the son of Mr. and Mrs. Ted Batz of Chicago, and attended Northwestern University at Evanston.

Dr. and Mrs. Kopriva, parents of the bride, celebrated their 25th wedding anniversary by dining out at the "Bakery" in Chicago.

Florence Revell Is Planning Trip To Europe

Mrs. Florence Revell, of Lake Marie, is planning to take a trip to Europe in November—if she can get the time off and things work out.

The reason for Mrs. Revell's trip is her son, Stanley, 22, a member of the U.S. Air Force.

Stanley called her a week or so ago and told her that he is going to get married on Nov. 2.

Stanley who is stationed in Greenham Commons, 60 miles

retary and Clifford Hall of Crystal Lake was elected vice-president. The election of officers was held following the dinner and award presentations.

The results of the Moose Traveling Bowling League are as follows: Crystal Lake Moose won first place and will be awarded the trophy as champs. Fox Lake was second and Zion-Benton was awarded third. Antioch One was 7th and Antioch Two was in last place. High team series of 3269 went to Waukegan Moose while Fox Lake took high game with 1151.

Governor Scotty Birdsell of the Antioch Moose presented Ray Edwards with his 25 Club member pin and plaque, at the Loyalty Order meeting held at the Moose Home Wednesday evening, June 12, for his efforts in sponsoring all 25 members within one year.

Lawrence Lutick was awarded his first aid kit from Mooseheart for his efforts in sponsoring 3 members in the present campaign drive. Lester Sperling, membership chairman for the year, will announce his plans for a new campaign in next month's issue of the Antioch Moose doing.

The annual Moose picnic will again be held at Lake Shangri-La in July. Jerry Kusch, chairman of the picnic said there will be new added features for the members' enjoyment. A food concession stand will also be new this year and many new games have been added.

Mr. Enpek says he's boss in his house. When he gets done with the dishes, nobody tells him where to hang the towel.

Legion Auxiliary

By Del Jahncke

President Mrs. Bernard Stadick, Mrs. Walter Hills, Mrs. Edward Jahncke, and Mrs. Frank Kennedy, Sr., attended the 10th District American Legion Auxiliary meeting on June 12, at the Garrett-Langdon Legion Home in Winthrop Harbor.

In the District Publicity Press Book competition the Antioch Unit No. 748 with Mrs. Jahncke, chairman, placed first, and the Libertyville Unit No. 329, with Mrs. Leroy Quentin chairman, placed second in the category of towns under 10,000 population. This year there was only one entry in the category of towns over 10,000 population, Mundelein Unit, Mrs. Stanley Degnar, chairman.

Mrs. Silver Mae Hayes, District Historian, announced that the Libertyville Unit History won first prize, with Lake Zurich Unit taking second place. All winning histories and unit press books are now entered into state competition.

An election of officers followed, with Mrs. Richard Brady of Gurnee elected 10th District Director; Mrs. John Mould, Wauconda, alternate director; Mrs. Robert Broege, Deerfield, district historian; Mrs. Ray Rathmann, Antioch, district treasurer; Mrs. Joseph Hogue, Waukegan No. 281, as district sergeant-at-arms. Mrs. Brady then stated her appointments of Mrs. Herbert Gleason, Libertyville, as district secretary, and Mrs. Thomas Rizzo, Lake Zurich, as district chaplain.

Special guests were the District Junior officers, the 11th District Director, Mrs. W. L. Ehlers, and the 12th District Director Mrs. Howard Massare. Harold Blackwell, retired attorney-at-law, gave a brief talk on the importance of documents, insurance and wills.

The American Legion Auxiliary, No. 748 held their regular meeting on June 14, at the Antioch Legion Home, with Mrs. Bernad Stadick, president, as the presiding officer.

An election of officers was held. Mrs. Bernard Stadick was re-elected to serve a second term as president; Mrs. Trudy Nelson, 1st vice president; Mrs. Bernard DeVries, 2nd Vice President; Mrs. Leslie Zitkus, treasurer; Mrs. Edward Jahncke, historian, and Mrs. Ray Rathmann, sergeant-at-arms. Mrs. Stadick then announced her appointments of Mrs. Frank Kennedy, Sr., as secretary, and Mrs. F. A. Swenson, as chaplain.

Mrs. Stadick and Mrs. Jahncke were elected delegates to the Department (state) Convention to be held in July at the Sherman Hotel in Chicago, with Mrs. Trudy Nelson and Mrs. Ray Rathmann as alternates.

Mrs. Jahncke was elected as delegate to the 2nd Division Convention to be held in St. Charles, on June 30.

Another election followed for the

Scott McMullen and Franz Pierre Jerome, sons of Mr. and Mrs. Royal McMullen and Dr. and Mrs. Gerard Pierre Jerome look over books stacked at the Belvidere Mall June 23 to June 30.

Used Book Sale At Belvidere Mall

The Lake County Chaplaincy Service and the Printer's Ink Book Store of Waukegan are sponsoring a Book Blending Sale of used books to be held at the Belvidere Mall, June 23 to 30.

The Chaplaincy Service provides a non-sectarian ministry to the five County institutions and is headed by the Rev. Ralph J. Smith who is assisted in this work by fifty volunteer visitors from Lake County churches in this day-to-day ministry.

The proceeds of the book sale will go toward the support of the Chaplaincy Service which is sustained by contributions of about forty Lake County churches and numerous individuals.

Unused books will be distributed to institutions and private homes than can benefit from more reading material.

Lindenhurst News

By Mrs. Bernice Bernau
Elliot 6-5649

Women's Club Meeting

The Lindenhurst Women's Club met Thursday, June 13 at 8 p.m. Business discussed was the attendance of the members at Great Lakes Hospital on Friday, June 23. Anniversaries

Congratulations to Floyd and Lu Stanley on their 21st wedding anniversary June 15. And to Henry and Martha Maxwell, who celebrated their 30th anniversary in Arizona on June 14. The Robert Rileys were married 34 years on June 16th; and Ray and Juanita Lambert were married 6 years on the 16th.

Grandchild
Ed and Bernice Bernau are the proud grandparents of a little girl born to their son and daughter-in-law, Bill and Ann, on Sunday, June 9. Lauren Ann weighed 8 pounds, 2 ounces and was 21 inches long. She was born at St. Therese Hospital in Waukegan.

Mrs. Ella Schrotland is the paternal great-grandmother. Joe and Alice Campbell of Waukegan, formerly of Lindenhurst, are the maternal grandparents. The new parents live at 800 N. Linden Court in Waukegan.

New Baby

Mr. and Mrs. Robert Creek, 2316 Spring Hill Lane, Seven Hills, welcomed their first son and second child at Condell Memorial Hospital on May 26. Robert Wallace weighed in at 6 pounds, ¾ ounces. The Creeks moved here about five weeks ago from Waukegan. Their daughter, Rachel Ann is 2½ years old.

Altar and Rosary

Reports were given by the various chairmen of the Altar and Rosary Sodality of the Prince of Peace Church at the last meeting. The ladies were asked to please save their paper bags for the June 21 and 22 rummage sale. Many are needed.

Youth Picnic

All the youth of Prince of Peace parish are invited to attend a picnic on Sunday, June 23, at the Abbey in Lake Bluff. They will meet at Prince of Peace Church at 1 p.m. Adults who will be accompanying them will be Jack Sullivan and Father John Carolan. Any other adult who is interested in chaperoning is welcome to go along. There will be swimming, so bring your suits, and the makings of a picnic—the food.

The young Catholics held their first Youth Day at Prince of Peace Church last March. Thirty-two attended from Grayslake, Carmel, Grant and Antioch High Schools. Two students from each school were on the committee. They decided at that time that they preferred to call the day "Our

Where The Boys Are

O.E.S. Honors Past Officers

The Past Matrons and Past Presidents of Antioch Chapter, Order of the Eastern Star, were honored last Thursday evening on Past Officers' Night. Dorothy Kaherl, worthy matron, and Joseph Parfitt, worthy patron, stepped aside to allow them to preside and fill all of the officers' stations.

Sergeant Blumenschein, an aircraft maintenance technician in the 21st Composite Wing at Elmdorf AFB, Alaska, will wear the distinctive service ribbon to mark his affiliation with the unit.

His unit was cited for compiling outstanding records in both combat readiness and training in severe weather to meet the urgent requirements for direct support of the Southeast Asian effort. The 21st was also cited for its participation in insuring the defense of Alaska and the North American continent.

The sergeant is a 1962 graduate of Antioch High School.

His wife, JoEllen, is the daughter of Mr. and Mrs. Henry Fredrickson of Round Lake, Ill.

Specialist 4th Class James Marchini has been awarded the Army Medal of Commendation for his part in stopping an ambush of North Koreans. One American was killed and three others were wounded at the time.

AMARILLO, Texas — Airman Kenneth S. Pearson, son of Mr. and Mrs. George W. Pearson of Wilmot, Wis., has completed basic training at Amarillo, Texas. He has been assigned to the Air Force Technical Training Center at Chautauque AFB, Ill., for specialized schooling as a metals repair specialist.

Airman Pearson is a graduate of Wilmot Union Free High School.

Sternbergs Greet New Son, Douglas

Mr. and Mrs. Donald Leroy Sternberg, of Rt. 3, Antioch, announce the birth of a son, Douglas Leroy, on Sunday, June 9, at Condell Memorial Hospital in Libertyville.

The maternal grandparents are Mr. and Mrs. Robert M. Hoopner of Colorado Springs, Colorado, and Edward Sternberg of Glenview, Ill., is the paternal grandfather.

Dorothy Johnson Back Home Again

Mrs. Dorothy Johnson of Rt. 4, Antioch, returned home Sunday from St. Therese Hospital, Waukegan, after spending a week there. She wishes to thank all who helped her family while she was confined to the hospital. She also wishes to thank everyone for the lovely cards, flowers, gifts, visits and calls received.

Day" rather than "Youth Day." The youths participated in the Lake Villa Memorial Day parade. They decorated a float with an American flag and had six guitar players singing "Up With People."

They are having a car wash on Friday, June 21, at Prince of Peace School, starting at 10 a.m. The Altar and Rosary Sodality is having their annual rummage sale that day, so while folks are washing for a very nominal charge and help the group.

Advance reservations are being taken for the Thursday, July 11, White Sox-Yankees ball game to be played in Milwaukee. Forty tickets will be available. \$5 will pay for transportation, tickets and food. They will leave at 5:30 p.m.

Lakeside Rebekah Lodge No.82

By Del Jahnke

Mrs. Walter Buchert, Noble Grand, accompanied by Mrs. Anton Johnson, Mrs. John Hagen and Mrs. Clarence Perkins, attended the recent District 3 meeting of the Rebekah Order held in Union Hall at Evanston. All the assembly officers were honored guests that evening.

June 19th the Lakeside Rebekah Lodge held a "District Officer's Night" at the Antioch American Legion Home. The hostesses for the month of June are Mrs. Floyd Horton and Mrs. Clarence Larson.

There will be a salad bar luncheon and card party today (Thursday) beginning at 12:30 p.m., at the Antioch American Legion Home, sponsored by the Lakeside Rebekah Lodge.

Pat Johnson, of Antioch, is one of approximately 200 high school students attending the first of three music camps at Eastern Illinois University. Instruction in strings, piano and chorus are included in the activities.

Pat is the daughter of Mr. and Mrs. Melvin Johnson of Rt. 4, Antioch, and is representing the Antioch High School Choir. She is sponsored by the Antioch Woman's Club.

Gals, don't overdo your dieting; empty bags can't stand.

Santa's Village Is Now Open For Summer

Santa's Village, the multi-million dollar family fun park located in Dundee, opened the summer season Sunday, June 16 and operates daily thereafter through Labor Day.

An expanded entertainment program and several new ride attractions have been added. Among them is the world's largest circus wagon, custom-built during the winter, which is hauled by teams of giant Belgian horses and can accommodate as many as 50 riders at a time.

The specially produced stage and ice shows, which will be presented continuously from 11 a.m. until 5:30 p.m. take place both indoors at the magnificent Polar Dome and outdoors in a wooded national dance skating champion and lakeside setting. The shows and all rides are free.

A sparkling extravaganza, "Cinderella on Ice," will be presented in the Polar Dome by a brilliantly costumed cast with musical background until 2 p.m., after which the rink will be open to free public skating.

Featured in the ice revue are Andre Anderson, twice U. S. national runner-up for the world championship, Jill Gunderson, who starred with Holiday on Ice, and Ronny Roberto, former star of the Ice Follies. The colorful presentation also features a chorus performing elaborate and complicated routines.

The entertainment on the outdoor stage will begin at 1 p.m. and feature the Kelroys, trampoline artists, who also perform novelty juggling and plate spinning. Also featured are Seiler and Beabold, a zany comedy team who specialize in creating continuous laughter.

All of the entertainment at Santa's Village is designed for family fun. The amusement rides are novel, one-of-a-kind devices and there is no limit to the number of times patrons can ride them. Dozens of live animals are to be seen, fed and petted, including ponies, burros, deer, goats, sheep and reindeer. Picnic tables in shaded groves abound and there is ample free parking.

Santa's Village is easily accessible by automobile. Located at the junction of routes 25 and 72, it is only one mile north of the Northwest tollway.

The park will be open daily from 10 a.m. until 6 p.m. and presented a bouquet.

Ella Newman was escorted and presented with a 25 year membership pin. Other members entitled to pins were Claudio Stearns, a 50 year member, and Theodore Kutz, Dorothea Farm, Blanche Shannon, Marion Steinlik, and Evelyn Strang, all 25 year members.

In observance of Fathers' Day, Elmer Baker, Clarence Larson, Wayne Polsgrove, and Harold Wilson were honored and presented gifts.

Miss Denman is a student at

Elmer Baker, Clarence Larson, Wayne Polsgrove, and Harold Wilson were honored and presented gifts.

Six members shared their birthdays and were greeted with a song. They were Elmer Baker, Marie Furman, Lillian Gaa, June Gaston, Joseph Parfitt, and Elizabeth Shepard.

The next meeting of the Chapter will be June 27th and will be a regular meeting.

Cheryl A. Denman To Wed Mich. Man

Mr. and Mrs. Robert C. Denman of Millburn announce the engagement of their daughter Cheryl Ann to Mr. James O. Morse, son of Mr. and Mrs. Jack Morse of Fremont, Michigan.

Miss Denman is a student at

Cheryl Ann Denman

Hackley Hospital School of Nursing, Muskegon, Michigan. Mr. Morse is a graduate of Michigan State University and is currently employed at Gerber Products of Fremont, Michigan.

Bible School Starts Monday

June 24-29 are the dates for Vacation Bible School at the Antioch Evangelical Free Church. Programmed for 4 year olds thru next fall's 7th graders, the students will use Standard Publishing Company material whose theme is "God's Word, Today's Hope."

A typical day will begin at 9 a.m. with Bible Study, games, refreshments, crafts, films, and special projects occupying the time until dismissal at 11:45 a.m.

Saturday at 11:45 a.m. there will be a family style picnic as a closing for the school. There will be contests and prizes featured.

Mrs. Stanley Anderson, Jr., and Mrs. John Matteoni are co-directors of the school which will operate in air-conditioned surroundings at the church which is located at Tiffany Rd. & Highway Dr. All children ages 4-13 are invited to the school and parents are welcome to visit at any time.

Howlett Warns State Vendors

Michael J. Howlett, state auditor of Public Accounts, today warned vendors doing business with the state of Illinois, to beware of "billings consultants" who offer, for a percentage fee, to expedite payment of state vouchers.

"Nobody who sells goods or services to the state needs to pay anybody a consultant fee to speed up payment," said Howlett. "Vouchers received in my office are paid in the order of their arrival and as expeditiously as possible."

Vouchers which come to my office properly approved are processed within two to five days, depending on the work load. Engagement of a billing consultant does not influence the movement of any voucher ahead of another."

Tony Co. Bid Approved By NIU

John Bonner Visits 12 European Countries

John Bonner of RR 2, Lake Villa, was one of a group of 32 University of Iowa students and their teachers who arrived in Santarem, Portugal recently to begin a 12-nation study tour of European agriculture.

John and his fellow students made their first study stop at the National Agricultural Fair being held in this Portuguese city 50 miles from Lisbon.

They examined the best examples of livestock being grown in Europe and also saw foreign cattle being exhibited there by other European nations.

The Iowa group was most interested in the U.S. Pavilion, where they were conducted on an extended tour by Dr. Ford M. Milam, Agricultural Attaché for Portugal in charge of the pavilion.

Students heard Dr. Milam tell why the U.S. was stressing both beef and dairy breeding stock, soybeans, feed grains, and products of the U.S. rendering industry.

The agricultural attaché explained that there's a rapidly growing market in Portugal for these U.S. farm products.

"By exhibiting these products at fairs like this one in Portugal, we allow this nation's farmers and buyers to see first hand the superior quality farm products produced by the United States," said Milam.

"Last year Portugal bought more than 19 million dollars worth of U.S. agricultural goods. We expect even greater sales this year, since Portugal is pushing its dairy and beef production. It needs breeding stock and the feeds for them," Milam concluded.

While in Portugal, the University of Iowa group will view a contrast in farms. First, they will visit a 75,000 acre farm near Lisarias. Later they will have a look at a typical small Portuguese farm of 10 acres.

Jamboree Auditions June 26 and 27

The Hayloft Jamboree will hold auditions Wednesday and Thursday, June 26 and 27 at 7 p.m. in the Social Hall of the Antioch Methodist Church.

N-I Gas Awards Bonds

Northern Illinois Gas Company has awarded a \$25 million 25-year 6½ per cent first mortgage bond issue to an underwriting group headed by The First Boston Corporation at a price to the company of 99.45.

William J. Crowley, NI-Gas executive vice-president — finance, said this represents the cost to the company of 6.796 per cent, exclusive of expenses. The bonds will be publicly offered at par.

The new issue will have a maturity date of June 1, 1993, and for the first ten years will be non-refundable with debt having a lower interest "cost."

Net proceeds of this sale will be used to increase working capital available for utility construction expenditures and to repay outstanding bank-loans, if any, which the company shall have incurred prior to completion of the sale.

The company estimates its utility construction expenditures will amount to \$45 million this year. The balance of the funds needed for construction will be provided from internal sources, Crowley stated, and no further public financing is contemplated for 1968.

At the same time the firm announced that employees sold a near-record 10,154 gaslights and outdoor barbecue grills during the first phase of the utility's annual gaslight and grill sale.

Nearly half of the sales—4,909—were gas grills, a fact which supports the company's belief that gas barbecuing is, indeed, the "in-way" to cook out.

The first phase of the campaign included the combined sales efforts of all company employees. During the second phase, NI-Gas regular merchandise field salesmen are following-up mail requests, and accepting orders at service and headquarter offices.

Special prices on the lights and grills will remain in effect through June 28, said George J. Heck, NI-Gas' general coordinator of residential sales.

He said that families purchasing two lights, or a light and companion grill, are entitled to special combination prices. He added that purchasers of a gas grill receive a free copy of the company's "Heirloom Cookbook"—the official cookbook for Illinois' Sesquicentennial celebration.

MERCHANTS CLEAN UP WHEN THEY ADVERTISE IN OUR NEWSPAPER

Because it takes them into more homes in our town and their ads are seen by more people who enjoy reading a good newspaper.

Knowledgeable merchants know the most likely people to become customers are those who have already decided to buy. They know that these people will read the ads before they decide "from whom" they will buy. By advertising in our newspaper, we guarantee you will reach those who are the most prospective customers in this area, and make more sales.

Clean-Up For Home Safety

Poor housekeeping in the basement and attic contribute to the mounting fire toll reminds the Lake County Safety Commission. Newspapers, magazines, old clothes and other flammable debris piled in the basement or stored in cardboard boxes provide plenty of fuel for a fire.

Cans with small amounts of paint—probably hardened and unusable—should be discarded so as not to contribute fuel should a fire start.

A large category of home accidents are falls, and they can be prevented by correcting dangerous conditions such as loose throw rugs at the top and bottom of stairways, slippery shower stall floors and make-shift ladders. Tacking down stairway carpeting and repairing shaky stair rails, will help reduce the accident toll, the commission reminds.

Many falls are caused by littered stairways. Such litter should be cleared away and children instructed in the importance of keeping toys in areas where they will not be stepped on or tripped over.

We also advise you turn the handles of cooking utensils to the back of the range, out of reach of children, and keep matches and cigarette lighter where they can't get at them.

Careless storage and handling of flammable fluids cause thousands of injuries and deaths each year. Keep all fuel cans in the garage or tool shed—out of the house and out of the reach of small fry.

Many home fires are caused by overloaded electrical circuits and faulty wiring. Another cause of home fire is heating equipment that is in disrepair.

The six conditions which determine how fast we can drive safely at a given time or place.

Some drivers who pride themselves on never exceeding the speed limit have been killed or injured while traveling 30 mph on icy roads when 15 mph was as fast as they could safely operate.

Other drivers try to drive at the posted limit when traffic is too heavy or they overdrive their headlights at night.

It is impossible to enact traffic laws to fit every situation. When we violate natural laws, nature does her own policing. Punishment is swift, sure and terrible.

When we violate these natural laws, we are tried, convicted and punished all within a few seconds.

We must adjust speed to conditions.

Old German Proverb: Work and earn; pay taxes and die.

Likewise, there is a difference between types of roads and road

Dr. John Ward Heads Committee

Mrs. Wayne Potter, President of the Community Nursing Service of Lake County announces the appointment of an Advisory Committee headed by Dr. John Ward. Other members are John Grady, Mrs. Mike Miotti, Mrs. Ellsworth Schmidt, Mrs. Arnold Millar and Richard Veyle. The committee is a statutory requirement as a condition of Participation for the Community Nursing Service in giving skilled nursing care and physical therapy service in the patient's home under Medicare.

Mrs. Potter reports that the Community Nursing Service in 1967 made 4,194 visits to home patients in Lake County. The nursing service was started in April, 1962; 417 visits were made that year. She added, "the program was expanded in April of this year to include the Highland Park, Highwood, Deerfield areas formerly covered by the Visiting Nurse Service of Deerfield Township."

The next board meeting will take place June 20, at 8 p.m. in the Conference Room in Condell Hospital.

Klebe Warns Of High Speed Perils

"One thing for sure, drivers just can't flaunt the laws of nature or repeal them when they bear down on the gas pedal," Jerry Klebe, executive director of the Lake County Safety Commission said today, when warning fellow drivers in Lake County of the perils of vehicular speed.

"Instead," Director Klebe asserted, "they should give thought to six conditions that should govern their driving, remembering at all times to drive within the legal limits of the roadway."

The six conditions referred to include: light, weather, road, vehicle, traffic and the condition of the driver.

A little common sense and straight thinking should convince us that there is a difference between day and night driving and also between driving in a rainstorm or in sunshine.

Likewise, there is a difference between types of roads and road

Warsing Honored At Great Lakes

John Warsing of Orchard St., Antioch, was one of thirty-seven Navy employees of the Midwest Division, Naval Facilities Engineering Command, Great Lakes, who were recognized this month for outstanding work performance, or for completing either 10 or 20 years of Federal service.

Warsing received a certificate of commendation for 10 years service from his Commanding Officer, Captain George R. Shepard, Civil Engineer Corps, USN, in recognition of his work.

Two Area Men Grads Of Lincoln College

LINCOLN, Ill.—Lincoln College honored 180 young men and women June 9, at the 100th Commencement exercises held since it was founded in 1865, the first school to be named for Abraham Lincoln.

Dr. Dooley presented certificates to Jeffrey E. Hartnett, Lake Villa and Norman E. Hodge, 277 Lake Wood Ave., Antioch.

Lincoln is an independent co-educational two-year liberal arts college which limits enrollment to 675 students attending from some 30 states.

conditions. These differences persist throughout all of the six conditions which determine how fast we can drive safely at a given time or place.

Some drivers who pride themselves on never exceeding the speed limit have been killed or injured while traveling 30 mph on icy roads when 15 mph was as fast as they could safely operate.

Other drivers try to drive at the posted limit when traffic is too heavy or they overdrive their headlights at night.

It is impossible to enact traffic laws to fit every situation. When we violate natural laws, nature does her own policing. Punishment is swift, sure and terrible.

When we violate these natural laws, we are tried, convicted and punished all within a few seconds.

We must adjust speed to conditions.

Handicap Hits One Of Three Children Born

One out of every three children conceived today will be born mentally retarded. And no where in the country is more being done to help these unfortunate children than at Little City, Palatine.

Founded in 1958 by a group of concerned citizens headed by Dr. Morris Fishbein, Little City has since established itself as one of the leaders in the care and rehabilitation of the mentally retarded.

As successful as the program has been, however, until now it has been necessary to limit it to the children in residence.

The continued voluntary support of persons throughout the country has now made it possible for Little City to establish an out-patient department which will conduct a five-point program developed by Donald R. Becker, nationally recognized authority on the care of the mentally retarded, who is superintendent of Little City.

Authorization to begin the program was announced jointly by Dr. Fishbein, chairman of Little City Foundation's Scientific Advisory Board, Becker, and Robert Rachman, executive director.

The points embodied in the new program are:

—A visual training program for the perceptually handicapped mentally retarded child.

—A family counselling program to aid parents who must care for the mentally retarded child at home.

—An operant conditioning program.

—The establishment of a regularly scheduled series of seminars to explore new techniques for the rehabilitation of the mentally retarded child which will draw professionals from throughout the country.

—And the establishment of a day school program patterned after the residential school program which has proven so successful at Little City since its founding.

According to Becker, he hopes the new program will lead the way in the treatment of mental retardation in Illinois as well, as throughout the nation.

One Group Will Check Warehouses

A cooperative agreement between the Illinois and federal departments of agriculture provides for examination of all grain warehouses licensed under either the Illinois or federal acts by a single group of inspectors. Warehouses will be examined by a single group of trained grain warehouse examiners under the supervision of the Consumer and Marketing Service. Prior to this agreement both the Illinois Department of Agriculture and the USDA maintained examiners.

"Constitution Is Outdated" -- Shapiro

Gov. Samuel H. Shapiro, while urging support for the proposed constitutional convention, warned against tampering with the Bill of Rights. He said "the Bill of Rights is based on the principles of our democracy and I do not believe principles are changeable."

Governor Shapiro pointed out that the constitution is a restrictive document written for an agrarian society and said that it "is now outdated, outmoded and out of step with the life and problems of this age."

COLLEGE NEWS

Two Antioch students were named to the MacMurray College Dean's List for the second semester. They are: James Sorenson, son of Mr. and Mrs. Leslie Sorenson of Chestnut Street, and Louis E. Tanner, son of Mr. and Mrs. L. E. Tanner of R.R. 5.

Jean Bywell, daughter of Dr. and Mrs. Arthur W. Bywell of Lake Villa, and Larry Mateja, son of Mr. and Mrs. John Mateja of Longmeadow Drive, Lindenhurst, were also named to the Dean's List, at MacMurray College.

While the general level of intelligence shows no discernible improvement the makers of occasional signs are getting sharper and sharper. Not far from here is a sign in the middle of the road which states: "Road closed. Do not enter." On the other side of the sign is painted these words: "Welcome back, stupid."

See This Washer Demonstrated

Saturday, June 22 And Sunday, June 23

9:00 a.m. to 5:00 p.m.

9:00 a.m. to 1:00 p.m.

HERE ARE 9 REASONS
WHY YOU SHOULD BUY A
HOOVER SPIN-DRYING WASHER

ROLLS ON LARGE CASTERS
Large easy rolling casters let the HOOVER move about with complete ease. Store it in one place...just roll it in another.

FAMILY-SIZE LOADS
2 Double Sheets plus pillow cases, or 35 diapers, or 12 men's shirts. Washes even the most delicate things.

TURBO-ACTION AGITATION
The unique HOOVER energy disk, located on the back of the washer tub, actually surges water through the clothes. This remarkable wash action gets clothes really clean.

SAVES UP TO 100 GALLONS
Uses only 1/3 the amount of water that most automatics use. Saves up to 100 gallons every 3 loads.

SAVES \$\$ ON DETERGENT
The washing action is so efficient, it needs less detergent than the agitator or spin-type washer. It has a SUDS-SAVER, too!

WASHES FAST
The HOOVER washes a full load of laundry in four minutes or less, in a gleaming lifetime stainless steel wash tub.

DRIES IN SECONDS
The clothes are spun at the amazing speed of 2,000 RPM, this enables the washer to extract soap or detergents that can't be rinsed out. Laundry comes out really damp-dry.

NO PLUMBING NECESSARY
Needs no plumbing, needs no installation. Just roll the HOOVER to any sink, slip on the hose and start washing. Pump copies washer automatically.

EASY TO SERVICE
No gears or complicated control panels. Truly a do-it-yourself washer. Belt replacement is a breeze...less need for costly service.

ONLY \$1.89

A Week

Washes a family-size load faster and cleaner than any other washer.
Spin dry one load while another washes.
Completely portable...moves from sink to storage area on easy rolling casters.
No plumbing required.

Antioch A.L. Team Beats Barrington

Lose To Wauconda 12-5

In their game with Wauconda, the roof fell in when Wauconda scored 7 runs on three hits and there were 5 Antioch errors in a 12-5 defeat. The winning pitcher was Dreher and the losing pitcher was Wallwin.

Wauconda scored five runs in the first inning and four in the second. Antioch came back and scored four in the second, and the key hit was a home run by the pitcher, Wallwin with two men on base.

Antioch tied it up in the third. Antioch scored one run in the second, two in the fourth, two in

the fifth and two runs in the sixth inning.

Barrington scored one in the first, and one in the sixth inning. Tom Wittum had four hits, for four times at bat including a home run and a double. Al Comstock had 3 hits for three times at bat. Rich Stroner was the winning pitcher and Corson was the losing pitcher.

Alm Wins Broken Putter Contest

The Tuesday Night Business Men's Golf League had a busy time of it Tuesday at the Spring Valley Country Club.

One of the big features of the evening was the "Broken Putter" contest, for the best shot to a hole with a broken putter. Bill Alm won the special prize of a half gallon of a refreshing liquid.

Teresi Chevrolet, first place with 23 points, gained the State Bank "A" - a close second with 22½ and State Bank "B" with 22 points.

The results of Tuesday night's play are:

State Bank 1;	Nat'l Bank 0.
Teresi Chev. 5½;	Carry Elec. ½.
State Bank "A" 4½;	Gibbs & Janssen 1½.
Shoe Box 4½;	Wilton TV 1½.
Antioch News 3½;	King's 2½.
The team standings are:	
Teresi Chevrolet	23
State Bank "A"	22½
State Bank "B"	22
Gibbs & Janssen	20½
King's Drugs	18½
Wilton TV	18
Shoe Box	17

we care

it's impossible

What is?

Trying to describe the beautiful new packages
for our A&P Frozen Baked Foods.

You'll just have to see them to appreciate our problem.

This we can tell you:

Delicious as they look, they taste even more delicious.

What are the products like? Well...

There's an Apple Strudel so tender and flaky,
the most accomplished German baker would be jealous.

There are Devil's Food Cakes you'll say
only angels could bake...the taste is that heavenly.

There are All Butter Coffee Cakes and Pound Cake
as delicious as their names sound.

An Orange Cake whose batter has been kissed with
an orange tang and topped with a smooth icing.

There's a Cream Cheese Cake. The creamiest thing
that ever sat atop a graham cracker base.

And All Butter Chocolate Brownies
so good they're almost a confection.

We could go on and on. But why tease you any more?
Know what your biggest problem is going to be?
Which one to buy first.
Here's a suggestion. Buy them all.

Anderson Wins Wilmot Race

Tom Anderson of Antioch won a thrilling 10 lap heat race at the Kenosha County Speedway at Wilmot Saturday night to honor his chief mechanic, Wally Hunt of McHenry who leaves for the armed forces on Wednesday. Anderson raced hard to make it a second win in the feature race but managed only a second place to a former Kenosha County Speedway champion, Don Sorce of West Allis.

The 30 lap feature race took two restarts before Don Sorce established himself as the leader. At that point Jim Sullivan was battling in second position with Eddie Loomis and just as the first red flag came out, Loomis moved into second over Sullivan. This red flag came out when Darv Nissen and Jr. Dodd tangled on the back straightaway and wreckers had to be called out to take both of them to the pit.

The second race flag was waved when Ken Hanson, Bill Bohn and Bob Dighrich got involved on the 5th lap. Hanson was out for the night but following a fast tire change, Bohn was back in the line-up. With the delay, Dodd and Nissen had both made hasty repairs and came back to join the field. On the restart Nissen made only part of a lap and pulled out, but Jr. Dodd was a strong runner and finished the feature in 11th spot.

Tom Anderson finally got by Loomis and set his sights on Sorce. For several laps, Anderson only followed and then he put the Yellow Jacket modified right along side of Sorce and for the last 11 laps of the race, these two ran side by side. On the final corner, Sorce used his years of experience to drift out and block the final surge by Anderson who finished second for the second week in a row.

Ray Dobbs of West Allis made his first Kenosha County Speedway showing of 1968 season a good one as he won not only a heat race but the semi-feature as well.

Other modified heat races were won by Paul Cameron of Round Lake, Sorce and Anderson.

Although the weather held down the attendance to only 2087 and the purse dropped below \$2000 for the first time in the three weeks of running, there were 32 modifieds and enough street stock cars that a semi-feature race as well as a bonus heat was run for these cars.

Arnie Haussman of New Berlin won the feature, Brian Moyton the semi and heats were won by Cliff Launderville and Ken Zessis.

Wally Hunt was honored with a surprise interview at driver interview time. It marked the first time a mechanic received the recognition of the crowd at this time.

A special modified and late model stock car race date was announced for Wednesday night, July 3, at the Wilmot oval.

Bike Quiz For Cyclists

The Lake County Safety Commission has prepared a question and answer bulletin for bike riders. Here are the 10 questions. Can you answer them correctly?

- Should I be a trick rider? Ans. No, don't be a show-off.
- Should I carry a friend on a single 'bike'? Ans. No, never ride double.
- Should I stop and look before entering a street? Ans. Yes, always stop and look. Play it safe.
- Should I ride with car traffic? Yes, ride with the traffic on the right hand side of the road.
- Should I hitch rides on back of vehicles? Ans. Never. Leave a distance between your bike and vehicle.
- Should I signal before turning? Ans. Yes, always signal and look before turning.
- Should I ride on the sidewalk? Ans. Check your local bike ordinance and watch corners and doorways.
- Should I obey traffic signals and lights? Ans. Yes, always obey stop signs and traffic signals.
- Should I have lights on my bike for night riding? Ans. Yes, have a light and a reflector on your bike.
- Should I ride zig-zag on the road? Ans. No, always ride on one side of the road.

According to the Arizona Farm Bureau Federation, disposable income is called "take home pay" because after taxes and deductions you can't afford to go anywhere else with it.

Don't Stay Home, Just Be Careful

Chilling reports of high traffic fatalities expected for each holiday make many motorists resolve firmly to put off traveling the highways during these periods.

These people forget use of their free time, to visit friends elsewhere in the state and relinquish the fun of taking a trip to give their family a break in routine.

This is unfortunate. But more important, it's needless.

Cermak Hangs On To 1st Place In Thurs. Golf League

Tems Luggage made a strong bid for the Thursday Twi-Light Golf League lead, but weakened in the last few holes against the leading Cermak Realty team.

Ted Costoff of the State Bank team must have been hitting a hard boiled egg instead of a golf ball. He reported in just before dark, looking for a salt shaker. (Bernie Schneider, of Maggie & Bob's has the pepper at all times.)

George Pahlke, of Tems' Luggage, had fishing on his mind at the water holes. His need was a boat, instead of a golf cart.

The standings, as of June 13th are:

1. Cermak Realty	21
2. Kenosha Sav. & Loan	15½
3. Tems' Luggage	15½
4. Silver Lake Hotel	15
5. Camp Lake TV	14
6. Antioch Lumber	11
7. Antioch State Buil.	8
8. Ray's Shell Service	8
9. Maggie & Bob's Tavern	6½
10. American Legion Bar	5½

N.I.C. Archer's Club Shoot Sun., June 23

The Northern Illinois Conservation Archers' club will have its first "breakfast shoot" on Sunday, June 23, starting at 8 a.m.

Breakfast, consisting of pancakes and sausages will be served from 8 to 10:30 a.m.

Shooting fee includes breakfast.

The regulation range is open all week except Mondays and Wednesdays, during the daylight hours.

The Northern Illinois Conservation Club is located 3 miles west of Antioch on Rte. 173.

To combat this needless "stay at home" policy, the Chicago motor Club-AAA and American Automobile Association clubs throughout the nation are promoting a program called "Bring 'Em Back Alive!"

The CMC-AAA is convinced that safe driving is the result of proper education, training and experience.

It also is convinced that absolutely nothing positive is to be gained by calling drivers names or inferring that the majority of them should be ruled off the road.

Everyone is surrounded every day by so much good driving that it is the exception that is remembered—the careless or poorly trained driver who makes the headlines, says the CMC-AAA.

There is, however, room for improvement in most drivers. It is not that they are bad drivers, but perfection is hard to come by, and most drivers have flaws—small or large—in driving techniques.

"Bring 'Em Back Alive!" is aimed at improving the driving skills of all motorists.

While "Bring 'Em Back Alive!" is primarily aimed at the motoring public, it does not pass over the concern for pedestrian safety. Pedestrians, who annually add to fatality counts, must share equally with motorists in responsibility for traffic safety.

If each driver is a little more courteous, a little more careful, knows a little more about driving, then each driver also has a little better chance to "Bring 'Em Back Alive!"

Gerald W. Cavanagh, president of the Chicago Motor Club talks about holiday highway safety in these terms:

—Plan your route in advance; have reservations in hand early.

—Show exceptional caution, and courtesy, on the road.

—Fasten all seat belts all the time.

—Make a rest stop every two hours.

—"Bring 'Em Back Alive!"

In order to "Bring 'Em Back Alive!" Cavanagh said trips should be planned in detail. Motorists should know exactly where they are going, how long it takes to get there (including rest stops) and what route they want to follow.

Cars should be checked thor-

oughly before they are taken onto the road for long trips.

Don't overload a car, either, Cavanagh said. It's neither safe nor sensible. Loose objects on the rear seat deck can become hurling missiles with a quick stop.

If a luggage carrier is used on the roof, make sure it's well-sealed and not overloaded. Heavy top-weight cars sway a car on curves, possibly out of the driver's control.

A trip is much more enjoyable—and safer—if a driver is well-rested before leaving. Once on the road, drivers should stop to rest every two hours, especially if children are along. Avoid highway hypnosis.

There is a better chance to "Bring 'Em Back Alive!" Cavanagh said, if passing is held to a minimum on the highway. Passing creates driver tension. When passing is attempted too often, the driver begins to take unreasonable chances and finds himself becoming tense. This leads to an impatience, a danger to the driver and others on the road.

It is much more relaxing—and safer—to maintain a position consistent with the traffic flow, remembering to follow at a distance of one car length for every 10 miles an hour of speed. Be alert, especially at night, for brake signals.

Don't let other drivers cutting in disturb you. Relax, because it is proved that the motorist who lane-jumps on a busy highway saves only a few seconds a mile in reaching his destination.

Or a freeway, know the exits prior to the one you actually want to use, then make your move well in advance. Don't make a sudden lane hop. If you should pass your exit, under no conditions try to back up. Go to the next exit ramp and return by the service road, or down the opposite lane to your correct exit ramp.

Cavanagh said that two-lane highways contribute more than their share of both single and double car accidents. In the case of single cars it's usually that they were traveling too fast on curves, and centrifugal forces pushed them from the road. In two-car accidents it's ordinarily speed and failure to yield the right-of-way that cause the trouble and defeat the goal of the "Bring 'Em Back

Alive!" program.

Driving left of center around curves is a practice no sane driver attempts. Nor does he try to pass on hills or curves.

Obedying traffic signs and signals is standard practice, but there are many other signs and signals not mounted on boards which can be observed.

Early rainfall for example, is a sign to be treated with respect because it creates a slick on the road surface which lingers until it has rained long enough to wash the surface. Slow down as a matter of course during bad weather.

Holiday driving can be as safe as the individual makes it.

"Do It Yourself" Electrocardiograph At Chicago Museum

Visitors to the Museum of Science and Industry will have an opportunity to test their hearts with Chicago's first self-operating electrocardiograph. The machine, which records the electronic currents produced by the heart, was specially designed for Chicago Heart Association's new congenital heart disease exhibit opening at the Museum June 20.

Undergoing surgery. Artist Gloria Jones created perfect hearts out of wax. Dr. Lev punctured heart walls and damaged valves and arteries to create various defects that can develop in baby before birth. He then operated on the models as if they were live hearts. The exhibit shows the heart models during actual operations.

"The Heart Association project is the most extensive and unique exhibit on congenital heart disease in existence," commented Dr. Lev. "It is particularly valuable to parents of afflicted children who can learn a great deal by visiting the exhibit."

CHRISTIAN SCIENCE CHURCHES

"In the Universe, Including Man, Evolved by Atomic Force?" This question is the topic of the Lesson-Sermon to be read in all Christian Science churches this Sunday.

Services at First Church of Christ, Scientist, BEACON HILL, Rte. 173 & Harden, Antioch, begin at 11 A.M. The public is invited to attend.

The Golden Text, from Proverbs, states the theme of the Lesson: "The Lord by wisdom hath

the Bible speaks to you

Vietnam Vets Obtain Jobs through Center

More than 168 economically disadvantaged Vietnam veterans have obtained employment through the United States Veterans Assistance Center in the three and a half months the Center has been open in Chicago. Jobs for approximately 200 more are being processed.

The Center was opened February 19 to provide assistance for returning Vietnam era veterans and is being manned by representatives of the Veterans Administration, the U.S. Civil Service Commission, the United States and Illinois Employment Services

founded the earth; by understanding hath he established the heavens."

Among passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following: "God creates and governs the universe, including man."

THE ANTIQUE NEWS 10
THURSDAY, JUNE 20, 1968

and the Illinois Veterans Commission.

During May, 639 newly returned veterans were interviewed at the Center. Educational applications were prepared for 180 veterans.

Forty-one of these veterans have already returned to high school, according to John B. Naser, manager of the VA Regional Office which has administrative charge of the multi-agency office.

Naser revealed that approximately half of Vietnam veterans returning to the Chicago area are known through their service records to have had less than a high school education.

He described a Vietnam era veteran as one with military service after August 4, 1964.

Legal Notice

SPECIAL ASSESSMENT NOTICE

NOTICE IS HEREBY GIVEN to all persons interested, that the Board of Trustees of the Village of Antioch, Illinois, having ordered that a local improvement be made, to consist of the construction of a system of sanitary sewers, with the necessary manholes, force mains, lift station, and all necessary appurtenances, in a portion of Hillside Avenue and Hennings Court, (a/k/a Hennings Road), in the Village of Antioch, Illinois, the Ordinance for said improvement being on file in the office of the Village Clerk; said Village having applied to the Circuit Court of the 18th Judicial Circuit, Lake County, Illinois, County Division, for an assessment for the costs of the improvement according to the benefits, and an assessment there-

for having been made and returned to that Court, the final hearing thereon will be had on the 1st day of July, 1968, in the Motion Court Room, of the Circuit Court of the 18th Judicial Circuit, in the County Building, 10 North County Street, Waukegan, Illinois, as Docket No. 24, and Court No. 68TX1542, at 10:00 A.M. or as soon thereafter as the business of the Court will permit.

Said Ordinance provides that aggregate amount of said assessment shall be divided into ten installments each bearing interest at the rate of six per centum per annum from the date of the first voucher issued on account of work done on said improvement.

All persons desiring may file objections in said Court, on or before said date, and may appear on the hearing and make their defense.

Dated, at Antioch, Illinois, June 7th, 1968.

GEORGE BARTLETT
The Person appointed to make said Assessment (June 13-20, 1968)

LEGAL
IN THE CIRCUIT COURT OF THE 18TH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS PROBATE DIVISION

ESTATE OF ADELINA WARNER Deceased, FILE NO. 68P-241
Notice is hereby given pursuant to section 193 of the Probate Act, of the death of the above named deceased and that letters Testamentary were issued on June 3rd, 1968, to TED C. LARSON, 388 Lake Street, Antioch, Illinois, whose attorney of record is Ted C. Larson, 388 Lake St., Antioch, Illinois, and that the first Monday in the month of August, 1968, is the claim date for the estate.

Claims against said Estate should be filed in the Probate office of the Clerk of said Court, County Court House, Waukegan, Illinois, and copies thereof mailed or delivered to said legal representative and to said attorney.

Nostalgia

Yes, there are some things bus riding school children will never know, like the safe feeling that comes from knowing there's a climbing tree within running dis-

tance when there's a bull around. Come to think of it, there are lots of things:

Like the blended flavor of school lunch carried in a tin bucket. The choking chukle of priming the pump and the squeak of the rusty

pump handle. The rattle and slap of harnessing the horses and the clink and clank of hitching them to the wagon.

Roosters crowing in the morning. The smells of a kerosene lamp, yeast raising-buckwheat, saleratus biscuits, sauerkraut working in a stone jar on the back porch. The rustling of a corn shuck mattress. The shifting softness of a feather bed. Gathering corn cobs for kindling. Filling the woodbox and the reservoir. Bath in the tin tub behind the stove. Homemade root beer popping its corks in the cellar.

Yes, what are our children's children going to tell their children when they talk about the Good Old Days?

250-Year-Old Engine On Display At Museum

A fire engine nearly two and a half centuries old, is on public display at the Hall of Flame, America's national historical museum of firefighting, in Kenosha, Wisconsin.

The engine, a dinky horse-drawn device, not much bigger than a bicycle, was built in 1725 by Richard Newsham, a London button-maker, who is recognized as inventor of the first successful pumper.

Since there were no hoses or hydrants then, a bucket brigade was needed to fill the engine's "tub" while 20 strong-backed volunteers worked the brakes, or pump handles, up and down like a see-saw. A feeble stream of water squirted from a fixed nozzle atop the engine.

The old Newsham pumper is one of the most valuable possessions in the collection of Chicago businessman George F. Getz, Jr., which is on display at the Hall of Flame.

Other items include a magnificent horse-drawn steam pumper built at the turn of the century and used in Ocean City, N. J. Holding on with one hand, a fireman rode on with the hand, the rambunctious juggernaut, firing the boiler "on the run" as a trio of galloping horses madly pulled the 5-ton engine to the fire.

There is also a Rumsey hand-drawn pumper, built before the Civil War, that was used during the Great Chicago Fire of 1871.

In addition to more than a score of fire engines, ladder trucks, buggies, chemical carts and hose wagons belonging to Getz or the National Historical Fire Foundation, which he heads, there are leather fire buckets, speaking trumpets, helmets from Colonial times, and a unique display of fire marks from the 1600's and 1700's.

The Hall of Flame is a not-for-profit museum operated by the Foundation, "To preserve, for the fire service of the country, priceless equipment that should not be lost," said Getz.

The contestants who will compete in the State Contest at Urbana on June 25, are David White and John White, Millburn Hornets Club; Bob Benduli, Grayslake Ag. Club; William Grimell, Vernon Stade and Glenn Stade, Happy Hayseeds 4-H Club.

At the State Contest, County teams and individuals will be ranked according to the Dual Merit System of awards. Teams receiving an A rating will be invited to compete in the National Invitational Contest.

It's easy to place a classified—just call 395-4111.

Volunteers worked the brakes, or pump handles, up and down like a see-saw. A feeble stream of water squirted from a fixed nozzle atop the engine.

The old Newsham pumper is one of the most valuable possessions in the collection of Chicago businessman George F. Getz, Jr., which is on display at the Hall of Flame.

The museum is already seeking financial assistance from the public and industry to construct a second large exhibition hall because the collection has already outgrown existing quarters.

The largest vehicle on display is a 1937 85 foot Pirsch aerial ladder truck, believed to be the first hydraulic ladder wagon ever built.

The smallest is a 32 inch model.

from the U. S. Patent office, of a horse-drawn ladder wagon.

4-H Judging Team Selected

Lake County Livestock Judging Team members were named Tuesday evening, June 11, at the Ray Lake Farm, Grayslake.

Ray Record, Manager, and Joe Smith, Herdsman, at Ray Lake Farm conducted training in beef cattle judging, and assisted with an elimination contest.

Contestants were attending the second in a series of training clinics, the first being held at Allied Mills Farm, Libertyville, on May 22. At Allied Mills, R. I. Bunch of the Swine Research Department coordinated training in Swine Judging. He was assisted by Leeland Norfleet, and Bill Smith of his department.

The contestants who will compete in the State Contest at Urbana on June 25, are David White and John White, Millburn Hornets Club; Bob Benduli, Grayslake Ag. Club; William Grimell, Vernon Stade and Glenn Stade, Happy Hayseeds 4-H Club.

The Hall of Flame is a not-for-profit museum operated by the Foundation, "To preserve, for the fire service of the country, priceless equipment that should not be lost," said Getz.

The collection started in 1955 when Getz' wife, Olive, who had overheard him say it would be fun to have a fire engine, gave him a real one—a 1924 pumper from Oshkosh, Wisconsin, for Christmas.

The collection grew until the Foundation, with the help of a Kenosha citizens committee headed by Norman C. Greening, established the Hall of Flame on a 20-acre tract just west of town.

It is located at state highways 31 and 43, and is easily identified by the full-size forest fire lookout tower, rising 5 stories above the landscape, which guests can climb.

The museum is open daily from

Harris Wins Four In A Row At Wilmot

Whitey Harris became the first driver in IRA's young history, to win four feature events in a row when he added another at the Kenosha County Speedway Saturday night. Like his last victory of a week ago, this one too was before the largest crowd of the year and it marked the fourth Saturday in a row that attendance at Wilmot had increased.

Even the offer by Mort's Enco of Gurney, sponsors of Harris' Purse snatcher modified, for a cash bonus to any modified stock car driver that starts the race behind Harris and wins, failed to change the outcome of the feature over the previous three features.

Harris started fifth in the 16 car lineup but is usually further back. He attributed it to the wrong tires for qualifying which were changed before the feature event. Actually, this gave even a greater number of drivers a shot for the bonus money but it went unclaimed and will be carried over till next Saturday or until some driver beats Harris after starting behind him and then wins.

Al Schill started off in the lead in the feature for the first eight laps before Harris took over. Restarts wiped out leads built up

by Harris on two occasions. The first on the 12th lap when Schill spun and was hit by Bohn in the number two turn and the second on the 26th lap when Tom Anderson spun in the number four turn and was unable to restart. Earlier, Joel Reimer lost his steering and leaped the fourth turn guard rail. Reimer's car went at least 25 feet in the air, settled back on all four wheels, and was only partially damaged.

Bill Bohn of Kenosha, who failed to keep a string of four straight second place finishes going on last Saturday night, passed both Tom Anderson and Roger Iles to take second behind Harris. This happened on the last lap. Iles was third, Otto fourth, and then Anderson.

Modified heats were won by Jimmy Hedges, Denny McKay, Harris and Otto. Bergsma took a flying flip after blowing a tire in the fourth heat. The front end of his Roadrunner Hemel Plymouth modified was wiped out but Ron was OK.

J. C. Jamerson won the semi feature race which also had to restarts. Ken Monroe was second, followed by Ay Horton, Perencille Jagodinski and Hedges.

The late model stocks were not to be outdone and the car

sponsors of Tim Seyle's late model put up a cash bonus to any driver in the late model stocks who won beating Seyle after starting behind him. Only three drivers qualified faster than Seyle and this too went unclaimed as Seyle won the feature event for the late models after nosing out Herb Ahrent.

The attendance was 3584 and the purse \$2670. The IRA modifieds race again on Wednesday, Speedway and Friday at the Rockford Speedway. This Friday night date has become a weekly race night at the Rockford Speedway for the IRA modifieds.

John Reimer won his fourth straight 30 lap feature race at Waukegan for the modified stock cars. It was his fifth feature win of the year.

Modified heat races were won by Horton, Denny McKay of Elgin, Harris and Claude Potter Round Lake.

Otto Wins At Rockford

Roger Otto used his Pontiac powered modified stock car to snap a three-in-a-row win streak at the Rockford Speedway, held by Johnny Reimer, on Friday night, in the 30 late feature for the super-fast modifieds.

At the end behind Reimer were Claude Potter, Billy Goeden and Whitey Harris.

Heat races were won by Denny McKay, Dean Kruse, and Reimer. Otto started off his winning night by taking the trophy dash ahead of Goeden and Reimer.

It was ladies night at Rockford and among the many fun contests for the fair ones was a contest for the mother with the most children. Mrs. Geraldine Ring of Antioch, a mother of 14 children, won this prize. Mrs. Ring not only is a grandmother, but also a taxicab driver and races in powder puff derby events at the Kenosha County Speedway.

The Tom Anderson fan club banners won the vote of the judges for the best banner for the modified stocks.

The Friday night date for the IRA modifieds has now been made a regular weekly night race at the Rockford Speedway. There will be one off week when the USAC Midgets return to Rockford at a date to be announced.

American Legion Ball Season Over

Lake Region R H E was the losing pitcher.

Lake Region 4 7 1

Antioch 3 4 0

Lake Villa R H E

Lake Villa 7 6 1

Antioch 2 7 5

The Antioch American Legion Baseball team lost a heartbreaker to Lake Region on Wednesday, July 10 with a score of 4-3.

Spencer, Lake Region's winning pitcher, hit a home run with a man on in the 7th to win the ballgame.

Antioch scored two runs in the second on two walks to Stroner and O'Neill and a triple by Wallin. In the 5th, Nickerson singled, stole second and scored on an error.

Lake Region scored one run in the third and three runs in the seventh inning.

R H E

Antioch 11 11 1

Lake Region 0 3 5

In a make-up game on July 12, Antioch played Lake Region and won 11-0. Antioch collected 11 hits and made 1 error. Lake Region scored no runs, made 3 hits and committed 5 errors.

The game had to be called at the end of 5 innings because of darkness.

Antioch scored three runs in the first inning, highlighted by a home run by Al Comstock. Antioch scored 3 runs in the second and the big hit was a triple by Tom Wittum with two men on base. In the fifth inning, Antioch scored 5 runs on 4 hits and 2 walks. Comstock was the big hitter for the day with 3 for 4.

Nickerson, Carlson, Wittum and Wallwin each had two hits. Rich Stroner was the winning pitcher and this was his third shutout of the season. Wegner

Wauconda won the West division of the 10th district and will play Waukegan of the East division this Friday and Saturday in a series of 3 games.

R H E

Antioch 9 12 4

Barrington 5 5 1

Antioch wound up its American Legion Baseball season Tuesday night with a big win over Barrington.

Rich Stroner got his sixth win of the season and ended up with 8 wins and 1 loss. The losing pitcher was Bond.

Antioch scored one run in the second, one in the third and two runs in the fifth. In the sixth inning the big bats really went to work and Antioch scored 5 runs.

Jim Prorok hit a triple and hit a grand slam home run in the sixth. Jim Carlson got 3 hits in the game including a triple, Terry Nickerson, Tom Wittum,

Ron Pogose came up with a home run to help gather the win. Rick Weis pitched for the Boosters.

In the sixth inning, they collected 5 more runs, and in the seventh 1 run. Antioch gathered 9 more runs to finish off the game.

Members of the Antioch All Star team included: Chip Gross, Ron Pogose, Jim Rockow, Ron Purzy, Steve Bentel, John Schaefer, Mike O'Neill, Dale Dvorak, Dan Sterbenz, Jim Gaa, Rick Weis, Bill Toman, Rick Plotz, Harold Walsh and Fred Walpole.

The team will play its next game against the Barrington All Stars. Barrington received a bye on its first game and did not have to play. This will make it tough for Antioch as they have used up one pitcher.

Antioch closed its season in second place with 7 wins and 5 losses. Wauconda, in first place had 8 wins and 3 losses.

and Rich Stroner each made two hits.

Antioch won the first feature it ever ran at the Waukegan Speedway Saturday night before another large crowd. Paul Lewis won the hobby feature and Dianne Smith won the powder puff derby.

Rogel Toppel lead the feature, a non-stop event, for the first five laps with Al Gutche and Berna in hot pursuit. Gutche made his move in the sixth lap and started to pass Toppel on the inside when Berna made the move of the night and raced three abreast to snare the lead from the two leaders.

Berna just opened up a comfortable lead and sailed home the winner. Ray Bush took second on the twelfth lap and held it until Haggerty got by with just five laps to go.

Bob Hopkins was third at the halfway sign, but retired with a flat right rear tire and fifth place

Cossman pulled out with ten laps to go.

There were no double winners and seven of the twelve victors carried the checkered flag for the first time of the season at Waukegan Saturday night. Hopkins, Bob May, and Berna each took their first wins in a late model, while June Turner, Cora Morton, Paul Clays and Paul Lewis grabbed their first checkered flag in the hobby division.

Maude Cossman took the powder Puff lead twice, but Dianne Smith roared back to beat Maude to the finish line. The next special event at the Waukegan Speedway will be another Mississippi Mud race next Saturday.

On Saturday night, July 27,

the midseason championship for late models will be contested with a 50 lap feature and double championship points in all late model races.

On Saturday night, July 27,

Abbott Lab Names New Top Aides

Both the election of a new corporate vice-president and the accelerated divisionalization of Abbott Laboratories have been announced by Edward J. Ledder, president and chief operations officer.

Herbert M. Gross, Ph. D., has been elected vice-president, hospital products division.

Dr. Gross previously was director of that division, which was formed in December, 1967, to serve Abbott's position in the growing U. S. hospital market.

Another step in the further divisionalization of the company is the creation of the pharmaceutical products division, headed by vice-president Glenn S. Ult. Jr. Ult was first elected a corporate officer in September, 1966, as vice-president, pharmaceutical marketing.

Each of these divisions will specialize in the research, development, manufacture and marketing of both new and established Abbott products tailored to the needs and specifications of its own particular market.

Field sales coordination and liaison for both divisions will be managed by Herbert S. Wilkinson, vice-president, pharmaceutical and hospital sales.

"Abbott is moving significantly from its base as an ethical drug company to a diversified, multi-divisional enterprise in the whole health-care field, worldwide," Ledder explained. "Establishing two distinct divisions, one for hospital products and another for pharmaceutical products, each headed by a corporate vice-president, will strengthen our ability to move more aggressively in these markets, each of which has its own potential and characteristics," he added.

Abbott's commitment to the hospital products and diagnostics market is indicated by the company's expectation to more than double its hospital business in the years 1967 through 1971. Sales for such products for the first six months of 1968 are ahead of a year ago by approximately 30 per cent.

Dr. James M. Price has been elected to the newly created position of vice-president, experimental therapy, it was announced by George R. Cain, chairman of the board.

An internationally known medical scientist, Dr. Price has overall responsibility for Abbott research activities related to chemistry, pharmacology, pathology, and clinical research on new experimental drugs for humans.

"Creation of this new post at the vice-presidential level is a clear indicator of the importance to Abbott of these activities in the overall research and development effort," Cain said.

Heaviest emphasis in Abbott's current research programs is being directed to the discovery and development of new drugs in the areas of cardiovascular disease, metabolic diseases and cancer, infectious diseases, and mental health, Mr. Cain added.

Nearly \$22 million is budgeted for Abbott research in 1968.

When Lightning Threatens—Get In Your Car!

Where should you take refuge from lightning during a summer thunderstorm? Assistant Vice President Richard A. Hogan, Illinois Regional Manager of the Allstate Motor Club, says one of the best spots to seek shelter is your automobile.

"Because of its metal shell, when lightning strikes an auto, it spreads all over the metal, traveling through the springs, axles and bearings to the wheels and then jumps past the rubber tires to the ground," Hogan said. "Only if you are in direct contact with the metal would you get even a slight burn. In fact, it is hard to find cases of lightning even hitting a car!"

"A thunderstorm is a signal to take care, particularly if you are working in the fields, golfing, swimming or in some other open area," the Allstate safety expert continues. "Every year nearly 1,000 persons are hurt or killed by lightning, in addition to an annual property loss of more than \$100 million."

Lightning seeks out the highest object in the immediate vicinity, because it strikes to make the shortest possible contact between earth and sky. "If you're caught in the open, your best bet is to sit down or get into a depression such as a ditch. Do anything to avoid being the tallest object in the area," Hogan advised.

Hot Weather Do's & Don'ts For Pets

Animals, like humans, can suffer from too much heat. Special care should be taken of them during summer's "dog days".

For example, according to an article by Elizabeth Randolph in the August Family Circle magazine, neither dogs nor cats should be allowed out in the direct sun for long. City dogs

should not be walked on the hot streets, except early in the morning and late at night. Lots of cool water should always be available, and if an animal refuses to eat, he should not be urged.

And again, as with humans, these rules are especially valid for very young, very old, or very

fat animals.

Some other pointers for summer pet care:

If your pet becomes weak, falls over or loses consciousness, make him comfortable and call your veterinarian. The pet may be in a state of extreme shock.

Cats often choose to sleep in a hot or stuffy place, such as an attic or closet. During very hot weather, don't let them do this, for cats as well as dogs suffer from heat prostration.

Birds and smaller animals also should be protected against extreme heat. Their living quar-

ters should be kept scrupulously clean and fresh water made available daily. Cages should be in the coolest spot in the house where there is some motion of air, although not in a draft. Keep handling to a minimum.

Fish tanks, turtle bowls, and aquariums should be cleaned often to prevent buildup of decaying matter that can reduce oxygen and prove fatal.

Cats and dogs always shed fur as warm weather approaches, so keep them well-groomed. If your dog has long hair, he should be trimmed. However, the animal

needs some fur to protect him from the sun and insects. A dog should not be bathed often than once every four to six weeks, winter or summer. Daily brushing will take care of loose dirt. Skin problems for pets are more common in summer than in winter. A good program of cleanliness and a not-too-rich diet help here.

**How To Change
Your Name**

The person who has lived in Illinois for at least six months

can file a petition in circuit court for a change of name. If the court is satisfied that there is no reason why the change should not be granted, the name will become a matter of court record.

If a person plans to use an assumed name for the purpose of conducting a business, the rules are a little different. The person must file the appropriate papers with the clerk of the county where the business is to be transacted and take other legal steps.

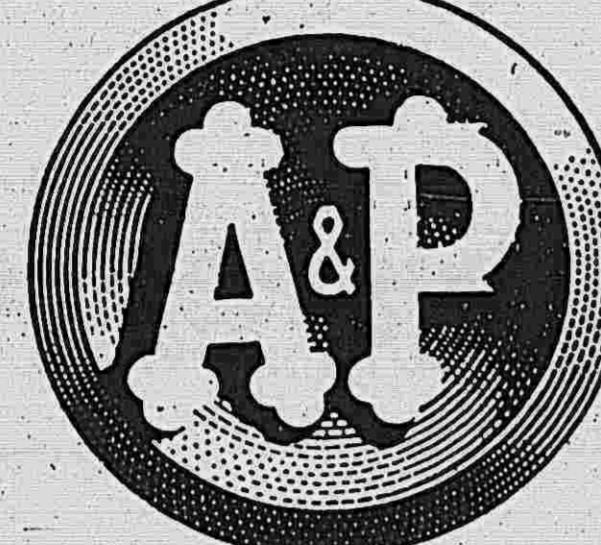

Flag Display In Ad Bldg.

An interesting flag display is open to the public at the Purchasing Department on the 8th floor of the County Administration Building in Waukegan.

Mr. Koehler's office has a display which includes a 1912 flag with 48 stars.

Other flags are on display in the office in honor of the sesquicentennial year, celebrating Illinois' 150 years of statehood.

we care

Which Of Our 4700 Stores Get The Best Beef?

Believe it or not, there are some people who think the quality of our beef varies from store-to-store.

It's not true!

Every one of our Meat Departments offers the same high-quality beef, the only quality we sell... "SUPER-RIGHT" Quality.

Our quality specifications for "SUPER-RIGHT" Beef are so high that some beef graded "Choice"

just isn't good enough to be labeled "SUPER-RIGHT."

This one "high quality" policy for all stores applies to all the meats we sell.

It is true, that where customer demand calls for it,

you will find thicker steaks, double lamb chops, etc., but they are all cut from the same quality meat

that is available in **every** A&P Meat Department.

After all, to satisfy customer demand is just plain good business.

One other thing we want you to know.

No matter where you live, if you want that thick steak, double lamb chop or any cut you don't see in the case, just ask for it.

WE CARE about, and want to satisfy, every customer...

and we mean **every** customer.

can file a petition in circuit court for a change of name. If the court is satisfied that there is no reason why the change should not be granted, the name will become a matter of court record.

If a person plans to use an assumed name for the purpose of conducting a business, the rules are a little different. The person must file the appropriate papers with the clerk of the county where the business is to be transacted and take other legal steps.

Flag Display In Ad Bldg.

An interesting flag display is open to the public at the Purchasing Department on the 8th floor of the County Administration Building in Waukegan.

Mr. Koehler's office has a display which includes a 1912 flag with 48 stars.

Other flags are on display in the office in honor of the sesquicentennial year, celebrating Illinois' 150 years of statehood.

Auto Insurance Plan Test Set

Some 3,500,000 residents of Illinois and New York will help test the merits of a new auto insurance plan which ultimately would guarantee payments to nearly all auto accident victims.

Major field tests of the plan, called "Guaranteed Benefits," be-

gan July 1 in several northern Illinois counties near Chicago, and on July 15 in the Rochester-Syracuse area of New York.

Auto accident victims who have valid bodily injury claims against the participating companies (10 in Illinois, 14 in New York) will

dryer is legally responsible.

"This is a scientific, public test intended to find out what the American public wants in the way of payments for bodily injuries suffered in auto accidents," said Paul S. Wise, president of the American Mutual Insurance Alliance. The Guaranteed Benefits plan is based on research conducted over the past six years by the Alliance, a national trade association of more than 120 mutual insurers. Companies participating in the Illinois and New York tests are not confined to Alliance members, but represent a broad cross section of the

entire automobile insurance busi-

ness. Wise said sponsors of the tests hope the information obtained will "lead to an improved claims-handling system which will pay nearly all auto accident victims, pay them quickly and without red tape, and remove many of the irritants which have brought widespread public criticism of today's auto insurance procedures."

Here's how the Guaranteed Benefits tests will be conducted: Any resident of the two test areas could become eligible to receive

a Guaranteed Benefits settle- ment; even if he doesn't own a car. The offer will be made to any resident who is involved in an accident within the test area, and who has a valid bodily injury liability claim against one of the participating insurance companies.

The company of the driver responsible for the accident will respond to the injured person as quickly as possible and offer to pay his medical expenses, up to \$5,000 without red tape and as the medical bills are incurred. The injured person doesn't have to make any promises in order to receive these medical benefits.

The over-all limit per injured

THE ANTIOCH NEWS
THURSDAY, JULY 18, 1968

person is \$12,500-\$5,000 in medical benefits plus a maximum of \$7,500 under one or a combination of all other categories of optional benefits. However, in no case will an insurance company pay out more than the limits of its policyholder's policy, whether the claim is handled under the present system or under the optional Guaranteed Benefits plan. Property damage claims will continue to be handled under present claims-handling procedures.

Wise said the Alliance and the participating companies want to find out under actual field conditions whether the Guaranteed Benefits package will be attractive to persons with bodily injuries, and if not, why not. Another major purpose is to gather data on how much it would cost to offer Guaranteed Benefits settlements to all auto accident victims, regardless of fault.

"Our ultimate plan is to develop a system that would pay all auto accident victims, except perhaps a few flagrant violators such as hit-and-run drivers. However, I want to make it clear that insurance companies cannot make these no-fault payments under present state liability laws and under the present terms of our auto liability policies," said Wise."

Wise said sponsors of the tests hope the reduced cost of handling claims under the Guaranteed Benefits plan will offset the added expense of paying more people.

Ten of the nation's largest auto insurance firms are taking part in the Illinois test, including Allstate Insurance Company, Clubb & Son Inc., Continental Insurance Companies, Continental National American Group, Country Mutual Insurance Company, Economy Fire and Casualty, Kemper Insurance Group, Liberty Mutual Insurance Company, Nationwide Insurance and Sentry Insurance.

Wise said that the Guaranteed Benefits plan has frequently been confused with another auto insurance reform program developed by law professors Robert Keeton of Harvard and Jeffrey O'Connell of the University of Illinois. However, there are several major differences between the two, he said.

"One major difference is that the Guaranteed Benefits plan preserves the right of every auto accident victim to collect damages from the offending driver, while the Keeton-O'Connell plan would eliminate this right in most cases and would require motorists to insure themselves against injuries caused by others," said Wise.

"Although our plan involves an optional offer of a no-fault benefit, we don't think it would be fair to eliminate the idea of fault completely, and require injured persons to insure themselves. The idea that a person who causes injury or damage to others should be held responsible for his own carelessness is deeply ingrained in the individual's concepts of justice. If careless drivers are to be excused from paying for the injuries they inflict on others, then logically the same principle should be applied to other situations as well. Manufacturers wouldn't have to pay for damage caused by their faulty products. Restaurants wouldn't have to pay if they served contaminated food. Airlines, railroads and bus lines wouldn't have to worry about paying if their negligence caused injury to their passengers or to the public," said Wise.

Another major difference is that the Guaranteed Benefits plan pays even if the injured person has purchased other coverages such as health insurance, or continues to collect his pay under a union-negotiated wage continuation plan. Under the Keeton-O'Connell plan, an auto accident victim wouldn't collect anything until he had exhausted all other available benefits. This feature, plus several other "fine print" deductions and exclusions, would reduce benefits to accident victims by an average of 60 percent under the Keeton-O'Connell plan, said Wise.

Old Tools Given To County Museum

Tools were donated to the Lake County Historical Museum by the Arthur V. Nichols family of Lodi, Calif. The mallets, chisels and drills were used in building the first docks on the Erie Canal where Mr. William Montgomery Nichols was employed during the years 1823 to 1827.

Mr. William M. Nichols moved his family in prairie schooner wagon, drawn by three yoke of oxen to Chicago, then to Little Fort, later called Waukegan.

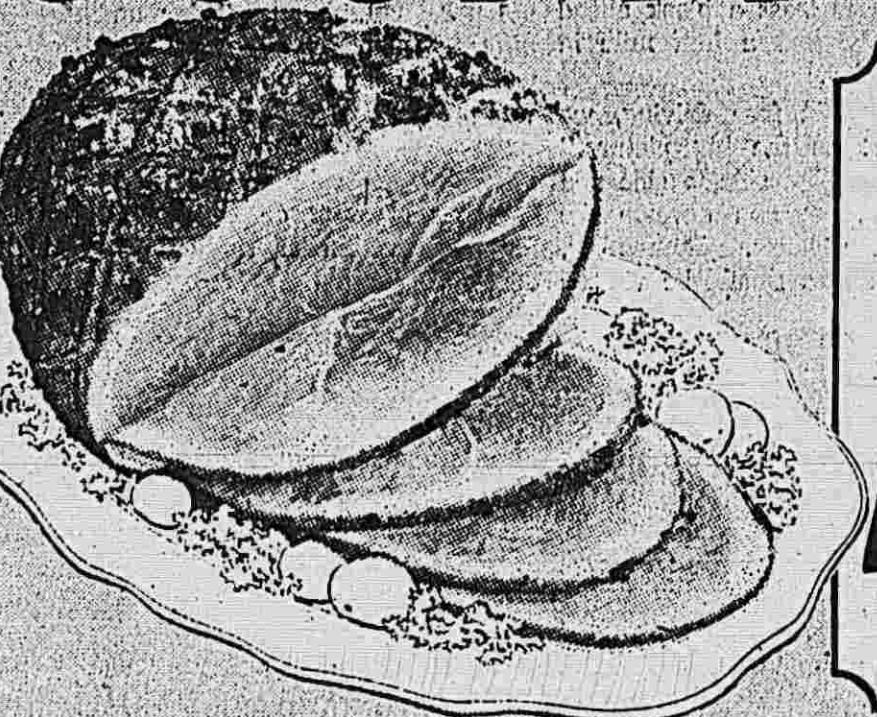

The Lake County Historical Committee will be very happy to have artifacts of such historical value at any time. Call 244-6600, Ext. 310, for further information.

Check Eyes Prior To Vacation

Before taking that well deserved vacation, it's a good idea to make sure your vision is up to par. If you wear glasses, have them checked to be sure they still "fit" your eyes. Adequate vision is a must for safe driving.

Have you ever had the experience of looking at something and not really seeing it? Defensive drivers are the ones who develop good "seeing habits" in traffic. Remember, that "blank stare" will get you in trouble while driving. Keep your eyes moving, says the Lake County Safety Commission.

While steering a car, you should "aim high" with quick frequent glances well ahead at the center of your driving lane. Drivers with good "seeing habits" will watch for dangerous situations at least a block ahead in the city and a half mile in open country.

For accident free driving, we have to "get the big picture." By looking from side to side and far ahead, we can develop the big picture habit. Remember, the cars ahead should be viewed

only as a small part of the bid roadway scene. Watch all cars and other objects that are moving or apt to move. Keep your eyes moving at all times, reminds Jerry Klebe, Executive Director.

To drive defensively, you should build a strong habit of shifting your eyes every two seconds. Keep glancing nearby, far ahead, to the sides and in the rear view mirror. This habit reduces your eyes and forces you to adjust speed to weather, traffic and road conditions.

The Lake County Safety Commission warns you to make occasional stops to rest your eyes and relieve tension on long trips.

Seedlings Available

Seedlings distributed by the Department of Conservation will be available after September 1. Olive, ash, black alder, honeysuckle, cottonwood, dogwood, gum, maple, sycamore, poplar, oak, birch, locust and multiflora hedge rose will be available at \$16 per 1,000 plants. Cedar and pine will be \$18 per 1,000 and walnut seedlings, \$20 per 1,000. Wildlife packets will be \$12 each.

Seedlings from the two state nurseries are sold for less than cost for planting on rural land for conservation or timber production.

Arrows Will Soar In Golf Contest

A unique golf tournament, involving Antioch Pilim, Bob Matthews and Powers will play with bow and arrow while the two golf whizzes will use the conventional clubs and ball.

Target areas will be set up on the greens for the two sharpshooters to aim at. Spectators are welcome.
